UNIT HISTORY REPORT

NZ WORKS SERVICES UNIT

JANUARY 1989 TO CLOSE-DOWN OF UNIT

30 SEPTEMBER 1989

Appointments at beginning of period:

Officer Commanding	Squadron Leader P R Davis
Works Maintenance Officer	WO1 D G Staines
Construction Sgt	SSgt BA Copford
Works Contacts Officer	Sgt R Smith
Sgt Supervisor	SSgt W J Bryan

NZWSU was involved with NZ Force SE Asia's redeployment during the whole of 1989, as well as continuing essential maintenance of facilities, refurbishment of buildings and facilities for NZ Defence Support Unit, and the close-down of the Unit itself. During the year WO Staines was replaced by WO1 PA McHenry, who was posted in on May 89 to assist NZWSU for 5 months before moving to NZWSU.

1908 22- 095 44.

1908 22- 095 44.

1908 22- 095 44.

S Sgt Casford returned to NZ in Apr 89 and was replaced by S Sgt CJ Wilson (promoted to WO2 in Jun 89) on TOD for seven months to close down the Unit stores.

At the beginning of the year the equipment to refurbish all NZDSM married quarters and upgrade services and security aspects of NZDSM was placed upon NZDSM. Sgt Powell wrote, administered and supervised all contracts listed below, with assistance as required by the LCC whole Maintenance Supervisor of Aramanga Damancy; and other NZDSM staff workers. The contracts were all completed by the end of 1989.

On 30 Jul 89 NZDSM depots stopped maintenance work, handing this task over to a civilian contract. The depot staff then concentrated on assisting the NZ Force's ^{WO2} third redeployments. The minor new works for the NZDSM establishment, and the winding up of the depots themselves. LCC staff were progressively released until the final 30 left on 30 Sep 89. The depots were closed and all stock, materials and equipment either declared to NZ WO2 for disposal or transferred to NZDSM. WO2 Wilson RANZ on 15 Oct 89. S Sgt Bryer and Sgt Powell on 15 Nov 89. Sgt. The Doss continued as Force Engineer with NZ Force SE Asia until

10 Dec 89, completing outstanding NZDSU administrative, bonding and real estate to the Singapore Authorities, and assisting NZDSU with establishment of a "Water Call", by completing drafts, and tendering contracts for building maintenance, cleaning and conveyance for the post 1989 period.

The NZDSU "Water Call" is headed by WOI McKinnon under the command of CO NZDSU through AO NZDSU, and Arrington carries on as the NZDSU Maintenance Supervisor.

All NZDSU files, contract documents, records of finance and other matters were consolidated and those for retention were headed to NZDSU for storage. Most of the old files and contract records were destroyed WOI Tui kept, being over 2 and 3 years old. However, basic contracts registers and other plans of, perhaps some future historical interest, will be retained by NZDSU.

This is the final entry in the Unit History of NZ while Services Unit.

John
for the
OC NZDSU.

Contracts Completed during 1989 for NZDSH

1. Introduction

The purpose of this report is to provide a detailed analysis of the data collected during the experiment. The data was collected over a period of 10 days, and the results are presented in the following sections.

The data was collected using a series of experiments designed to test the hypothesis that the rate of change in the system is proportional to the square of the initial value.

The first experiment was designed to test the hypothesis by measuring the rate of change in the system for different initial values. The results of this experiment are presented in Table 1.

The second experiment was designed to test the hypothesis by measuring the rate of change in the system for different initial values. The results of this experiment are presented in Table 2.

The third experiment was designed to test the hypothesis by measuring the rate of change in the system for different initial values. The results of this experiment are presented in Table 3.

The fourth experiment was designed to test the hypothesis by measuring the rate of change in the system for different initial values. The results of this experiment are presented in Table 4.

The fifth experiment was designed to test the hypothesis by measuring the rate of change in the system for different initial values. The results of this experiment are presented in Table 5.

The sixth experiment was designed to test the hypothesis by measuring the rate of change in the system for different initial values. The results of this experiment are presented in Table 6.

The seventh experiment was designed to test the hypothesis by measuring the rate of change in the system for different initial values. The results of this experiment are presented in Table 7.

The eighth experiment was designed to test the hypothesis by measuring the rate of change in the system for different initial values. The results of this experiment are presented in Table 8.

Initial Value	Rate of Change
1.0	0.01
2.0	0.04
3.0	0.09
4.0	0.16
5.0	0.25
6.0	0.36

1. The first step in the process of the scientific method is to make an observation or ask a question.
2. The second step is to do background research to learn what is already known about the topic.
3. The third step is to form a hypothesis, which is a prediction or an educated guess about the outcome of the experiment.
4. The fourth step is to design and conduct an experiment to test the hypothesis.
5. The fifth step is to analyze the data and draw a conclusion based on the results of the experiment.

Step	Question	Answer	Conclusion
1	What is the purpose of the experiment?	The purpose of the experiment is to determine the effect of temperature on the rate of reaction.	The purpose of the experiment is to determine the effect of temperature on the rate of reaction.
2	What is the hypothesis?	The hypothesis is that the rate of reaction will increase as the temperature increases.	The hypothesis is that the rate of reaction will increase as the temperature increases.
3	What are the variables?	The independent variable is temperature, and the dependent variable is the rate of reaction.	The independent variable is temperature, and the dependent variable is the rate of reaction.
4	What is the procedure?	The procedure involves measuring the time it takes for a reaction to occur at different temperatures.	The procedure involves measuring the time it takes for a reaction to occur at different temperatures.
5	What are the results?	The results show that the rate of reaction increases as the temperature increases.	The results show that the rate of reaction increases as the temperature increases.
6	What is the conclusion?	The conclusion is that the rate of reaction increases as the temperature increases.	The conclusion is that the rate of reaction increases as the temperature increases.

HQ NZWSU	24	0900	FE discuss NZ Hicom works matters with Mr ARMISTEAD and completion details for the High Commissioners' residence.	
HQ NZWSU	23	1000	FE and Contr Spvr 1 discussed proposals to upgrade electrical reticulation into Bldg 4 (Dieppe) for the DMG.	
Changi	25	0900	MAO/21C acted as escort officer to the fire vehicle visit team (S/L McCABE and P/O BAYLISS) for their inspection visit to the Changi Airport main fire station (DCA).	
Tasmania Road	25	1000	FE discussed the proposal to computerise real estate records with DFA, using the new force computers in Finance Branch.	
HQ NZ Wksp	25	1430	FE met with DGMS and ADMS to discuss the medical policy and criteria for the proposed DMG.	

Diary of Events

Place	Date	Time	Diary of Events
HQ NZ Force	26	0815	FE met with S01 Ops to discuss acceptance of design and contracts documents for new works at the SCC in Kangaw.
HQ NZWSU	26	0930	MINDEF L & E senior staff visited WSU for introductions with new staff and discussions on mutual works problems.
HQ NZWSU	26	1145	Mr RAJARATNAM of State Lands Section called on FE to discuss NZ Force SEA real estate problems.
HQ NZWSU	27	0900	MINDEF L & E head office advised that the new Khatib Camp sewerage system is to be commissioned about late Mar/early Apr 83, to cater for Dieppe and Kangaw Camps. This will allow the closing and possible future demolition of the Dieppe Sewage Farm. NZ Force SEA is not expected to make any financial contribution to the new sewerage scheme.
HQ NZWSU	27	0930	Land Office advised that PMO had been requested to assist with the contract preparation, calling of tenders and supervision of the proposed project to upgrade the structural steel footings in Hangars 8 and 9 in the Naval Base.
HQ NZ Force	27	1115	FE and MAO met with Dep Comd to discuss the recent fire vehicle staff visit.
HQ NZ Force	27	1500	FE met with S01 Pers/Spt and HQMS to further discuss policy on the development of the BMC proposal and likely increased costs in the light of medical requirements advised by DCOMS, on his recent visit.
HQ NZWSU	28	-	Term contracts for goods lift servicing and septic tank cleaning were

FE met with OC NZ Dental Unit to discuss proposed relocation plans for the provision of the Dieppe Medical Centre. NZ Dental Unit is to be relocated in its entirety to the top floor of the current RAP/Dental Complex (Bldg 4).

FE completed full draft of the 1983/84 Draft NZ Force SEA Works Programme for Force Comd approval.

FE and FA met with MINDEF Lands & Estates Division officials to formally hand back old Cool Store areas (Bldg 321-H) and take over the eastern-end of the Cool Store Complex, for NZ Force SEA use. The formal handing back and taking over was back-dated to 7 Jul 82, when the independent NZ Force SEA plant and rooms came into effect/operation and the main plant room closed down. The party retired to the Khatib Officers' Mess for lunch.

FE and WAO attended a formal dining out for the Force Comd and Dep Comd at the Dieppe Officers' Mess.

WAO, WCO and WMO participated in the NZ Force Theatre Club's - Childrens Xmas Pantomime.

DDW Visit programme approved/confirmed.

Outline sketch plans completed for Dieppe Medical Centre (DMC).

FE attended hygiene and works inspection of SCC with Comd, Dep Comd, SOI Ops and MINDEF Lands & Estates Division staff.

Contracts Commenced/Completed:

1. Commenced:

- a. 1 Nov: Construction of swillstands, drumstands and carports at Dieppe Barracks.
- b. 8 Nov: Repairs to roof guttering at Building 33A Dieppe Barracks.
- c. 16 Nov: Minor security improvements to NZ Force units.
- d. 22 Nov: Resurfacing of Officers Mess tennis courts, Dieppe Barracks.
- e. 29 Nov: Replacement of folding doors at Building 112, Kangaw Camp.
- f. 29 Nov: Construction of shelters and seating at Officers Mess tennis courts, Dieppe Barracks.
- g. 29 Nov: Upgrading of electrical mains cables at NZ Force School.

2. Completed:

- a. 9 Nov: Redecoration of four houses in Edgeway Lane, Nee Soon Camp.
- b. 19 Nov: Refurbishment of the Junior Ranks Club; relocation of the NZ Force Post Office, other minor works and redecoration of the NAAFI building exterior at Lagos Circle, Sembawang.
- c. 22 Nov: Redecoration of four houses in Lagos Circle and Canada Road, Sembawang.
- d. 24 Nov: Redecoration of the NAAFI Building at Nee Soon Camp.

OC WSU

WSU PROJECTS - 1981/82

1. In the past 15 months WSU has completed several projects that in other circumstances would have been completed by Contractors. In particular the water metering project, the Tengah/Kangaw move and the Dieppe ablution block are worthy of mention. These tasks have been undertaken expeditiously and effectively and their timely completion will prove most beneficial to the operation of NZ Force SEA.
2. Would you please pass to your staff, and particularly your LEC employees, my thanks and congratulations for a job very well done.

The OC Inspected the VSU depot at Dieppe Barracks. It was his first inspection of the depot since taking up his appointment.

The OC Inspected the VSU depot in ST JOHN'S ROAD, Woodlands.

The OC, Contracts Supervisor 1 and Works Supervisor 1 conducted works inspections and liaison visits of all NZ Force SEA major and minor units, real estate, and installations.

The Unit Horticultural Supervisor handed in his letter of resignation. He found employment with the SINGAPORE ISLAND CLUB (Golf Club) as a specialist in turf management. The unit is to seek a replacement.

The OC and 2IC conducted a presentation briefing to the Deputy Force Commander and HQ staff on alternative cool/cold store proposals for NZ Force SEA.

The Conservancy Cell under the supervisor of Sgt V.A. FOTHERINGHAM was reorganised to become part of the Maintenance Section managed by the Works Supervisor 1. The reorganisation is to be reviewed in Apr to see what improvements have been made.

The OC met with Singapore Ministry of Defence representatives at KANGAW CAMP to resolve restoration and deterioration problems with the RNZAF SWS Accommodation.

Diary of Events

Place	Date	Time	
Force HQ	24 Feb	0830	The OC attended the ANZMIS briefing and the Force Commanders monthly conference.
City Centre	24 Feb	1100	The unit 2IC held talks with the Singapore Public Utilities Board regarding alterations to the main power supply in the Naval Base Cool Store area.

VOI BRUCE the Works Maintenance Supervisor had a conference with the sales representatives of PETROFAX a chemicals company. The company has two products which appear suitable for use in the removal of fat buildup. At present the sewer lines in DIEPPE BARRACKS have a large build up of fats on the inside of the pipes. This could result in blockages. By using the PETROFAX products it is hoped to remove this fat build up.

HQ NZ Force SEA	1 Apr	1400	The new Headquarters New Zealand Force South East Asia fire alarm system was officially accepted by Works Services. The Force Fire Adviser used that opportunity to conduct a Fire Alarm practice for all personnel in the building.	
Naval Base In	6 Apr	1030	The Singapore Islands Recreational Conversion Division handed over a further eight houses to NZ Force SEA. These houses are to be redecorated and prepared for occupation by NZ Force personnel on the move of NZAF dependants from TRICHI.	
Dioppe Barracks	14 Apr		The Unit has requested that it be given authority to return for disposal such of the old fire fighting equipment that is being held in the Unit Store at DIEPPE BARRACKS.	
Porton	16-19		Most of the Units military staff and their families had a 3 day holiday break at WIMBORNE, MALAYSIA, over the Easter weekend. For most of the dependants it was their first trip to MALAYSIA.

Singapore	Mar		The Unit was very busy in March trying to clear as many contracts and accounts as possible. By the end of the Financial Year the Unit had been able to bring some 98% of its total financial allocation to charge.		
NKOTB NESS	4 Mar	1300	The Works Administration Officer took one of the civilian contractors to the Khatib Officers Mess to look at the Bar facilities. The Mess Committee are considering improvements to the bar and wanted a quotation to give them approximate idea of the cost.		
OTTAWA ROAD	Mar		The Singapore Lands & Estates Department have a number of civilian contractors working on the 2 storey flats in the Ottawa Rd, Bernada Rd area. These flats are to be occupied by NE Force SEA personnel on completion of the refurbishment. A number of minor problems have arisen since the contractors commenced work but NBSU is maintaining a close liaison with the Lands & Estates personnel to ensure the standard of workmanship is satisfactory.

The Unit depots started work after the Christmas break.

As part of the Married Quarters redecoration programme the Woodlands Depot personnel have commenced a rolling project to upgrade all outstanding maintenance problems in houses before they are redecorate.

WO1 M.A. Oliver and his family arrived from NZ. WO1 Oliver is WO1 Elley's replacement and will be the new senior Contracts Supervisor. WO1 Elley has been seconded to theatre for 3 months to assist with the relocation of RAAF Support Unit Singapore.

At the request of the previous Commander the floor coverings in the Mayflower Inn were replaced. Additional work for the Mayflower has been forecast for the 1981/82 financial year.

Establishment	2	7	80
Strength	2	7	73

Work continued on the documentation and preparation of contracts for the commencement of the initial R22AF Support Unit Singapore relocation. Planning called for the first 10 married quarters to be ready for occupation by early Jan 81. As a result the majority of the unit Military Staff worked at some stage during the Christmas close down period. The 10 married quarters were completed on schedule although some minor work was still outstanding.

Sgt Vic Fotheringham R22AF arrived in Singapore. He is Sgt Nolan R223EC replacement as Conservancy Supervisor.

Force Sports Week. The unit was unable to participate in Sports Week due to the pressure of work.

The new Commander, Air Cdr M.P. McD Palmer, CBE made his first visit to the

The Director of Works Col R. McL Dickie CBE RWE visited the Force. He had works discussions with the Force Engineer and visited a number of contract site. Buildings requiring major maintenance were also visited. The Colonel also spent a day at Terengah viewing the earthworks being undertaken by the Singapore Government.

Tenders were called for the routine servicing of all New Zealand Force major airconditioning plants.

The MORSU depot staff at Terengah held a farewell function for Sgt Harris. Sgt Harris is to return to NZ in early October.

The units Military and Civil Staff held a function for Col Dickie. The Colonel spent 3 days with the unit prior to his return to New Zealand.

Singapore 22.12.79

Over the period 14-22 Dec 79 the Unit was host to Colonel R. Wd. Dickie OBE, Director of Defence Works. During his visit he was conducted around H2 Force CFA Test Estate and all major works tasks currently being supervised by H2NSU staff.

The projected 1980/81 H2 Force SEA Works Programme was discussed in detail as was the well advanced 1979/80 programme.

21.12.79

Prior to departing on leave for the Christmas period all members of the Unit gathered at Woodlands Depot for a end of year party.

			The day commenced with breakfast at the Fernleaf Leave Centre where a relaxed atmosphere put everyone in the proper frame of mind for the days activities. Following breakfast the group moved down to French's Marina where they boarded a fishing boat.
			It was obvious from one or two green faces that not all Sappers' are good sailors, nor are they good fishermen as only two fish were caught during the day. Perhaps more interest was being paid to the contents of a large cold box rather than to actually fishing.
			On return from the fishing trip a small get together was held at the WZ50 Headquarters in Tapania Road. As no formal or organised activities were held during the evening the Sappers dispersed and dined out with their families or girl friends.

Singapore 20/11/45

Although processing the purchase, receipt, issue and control of construction stores and equipment in line with Army Stores Accounting procedures, HNSU has had no trained Military Storeman on strength to supervise Unit LEC Storeman. After numerous submissions by previous and the present Officer Commanding the establishment of the Quartermaster Sergeant post is finally approved. It is expected that the post will be filled late November 1945

ANNEX A TO
NZWSU 17.02
DATED 30 JULY 1979

UNIT HISTORICAL RECORDS
INAUGURAL MEETING UNIT SOCIAL CLUB

1. Although New Zealand Works Services Unit (NZWSU) has been functioning since 1975 there had been no attempt to form a social club which would benefit all members, locally employed civilians and military staff alike. This situation was considered to be disadvantageous to the welfare of all unit personnel and it was therefore decided to apply through the proper command channels for authority to form the NZWSU Social Club.
2. Constitutional Rules were therefore produced and presented to Headquarters NZ Force South East Asia where they were approved. Authority was issued on the 30 March 1979 for the Club to be formed.
3. The first general meeting was therefore held on the 6 Jul 79 at the NZWSU Woodlands, Depot.
