P. F. Order (Det.) No. 2

16th Dec. 1904

Devonport

It having been reported that a party R.N.Z.A. when on duty recently, conveying guns to the Drill Hall was guilty of behaving, in view of Volunteer officers and the general public more like children or street larrikins than like soldiers in uniform.

The officer commanding in regretting that such a disgraceful affair should have happened insists that all N.C.O. & men of the P. F. Detachⁿ shall behave at all times when on duty & in uniform as soldiers should.

They must remember that they are expected to set an example to Volunteers in all respects & not act in such a manner as to bring discredit on the Force.

N.C.O. & senior soldiers in charge of parties are looked to for carrying out this order to the letter.

Officers Commanding Detachments T.F. will please note and inform all concerned, that the question of "Out-of-pocket" expenses, as claimed by married r.e.o's. and men of the Permanent Force detailed ~~detached~~ for duty which takes them away from their own homes, has been submitted to the Hon. Defence Minister and he declines to authorise payment of same for the reason stated below.

It is not considered that the fact of a man being married should place him on a different footing to an unmarried man, and though it may put him to a little extra expense, yet having married for his own convenience it is not considered such expense should be borne by the Public.
